

RULES AND REGULATIONS

PRAYAG'25

CODE CONQUEST

General Rules:

- The event will be conducted in two rounds.
- Participants can use Python, Java, or C++ for coding problems.
- Each participant must carry their own college ID card and register before the event begins.
- Maximum of 2 members per team.
- Participants are not allowed to use the internet, mobile phones, or any external resources during the contest.
- Any form of plagiarism, malpractice, or discussion with others during the event will lead to immediate disqualification.
- The decision of the event coordinators/judges will be final and binding.

Round 1: Kahoot Quiz and Debugging

- This round has 2 sections.
- First section will be conducted on Kahoot.
- The quiz will include:
 - Output Guessing questions (predicting program outputs).
 - Basic Coding Concepts (MCQs on programming logic, debugging, syntax, and fundamentals).
- Each participant must join the Kahoot session with their registered name.
- Time limit per question will be strictly enforced by Kahoot.
- In the second section there will be a code snippet with some errors.

- Participants must debug the errors within the given time.
- Judgement will be manual.
- Top scorers from this round will qualify for Round 2.

Round 2: Coding Round

- Qualified participants will be given 2 coding questions.
- Coding must be done in one of the allowed languages: Python, Java, or C++.
- Participants must write and execute their code within the given time limit.
- Code evaluation will be manual, based on:
 - Correctness (program runs without errors and gives the right output).
 - Logic & Efficiency (optimized and well-structured code).
 - Readability (proper use of variables, indentation, comments where necessary).
 - Edge Case Handling (works for all valid test cases).
- Participants are not allowed to copy from peers. Identical or suspiciously similar submissions may lead to disqualification.

Scoring & Winner Selection

- The final winner(s) will be decided based on combined performance in both rounds.
 - Round 1 will act as a screening round.
 - Round 2 performance will carry the major weightage in final evaluation.
- In case of a tie, the participant with better Round 1 performance will be given preference.
- Judges' decision will be final.
