

RULES AND REGULATIONS

PRAYAG'25

PRAYAG EXHIBITION

Stall Setup & Timing

- All stalls must be set up and ready at least 1 hour before the exhibition begins.
- Exhibitors must bring their own laptops, chargers.
- All additional requirements (tables, chairs, projectors, power supply, etc.) must be informed to the Exhibition Coordinator at least *one week before the event*.

Presentation & Interaction

- Prepare a 2–3 minute simple explanation suitable for school students (avoid heavy jargon).
- Always have at least one team member present at the stall.
- Be polite, patient, and encourage questions from visitors.
- The person standing at the stall must have a proper understanding of the project and should be able to answer basic questions confidently.

Stall Management

- Keep the stall **clean, neat, and well-organized**.
- Do not shift furniture/equipment without permission from the coordinator/faculty.

Technical & Safety Guidelines

- All projects must be tested in advance to ensure smooth working.
- Handle wires, robots, and hardware carefully – avoid loose or unsafe connections.

- Use of **hazardous materials, flames, or chemicals** is strictly prohibited.
- Have a **backup option (slides, video demo)** in case of technical failure.

Discipline & Responsibility

- Stalls must remain open and active until the **official closing time**.
- Exhibitors are responsible for both their own equipment and any **college property used**.
- Follow all instructions from the Exhibition Coordinator and faculty members.
- Any misconduct or negligence may lead to **removal/disqualification of the stall**.

Closing & Wrap-Up

- After the exhibition, all teams must clean their stall area.
- Return any **borrowed items (projectors, tables, cables, etc.)** immediately.
